# LIGHTING - LIGHTING TRUSSES

---

## HOW TO ORDER

1. I choose the projectors in the projectors list regarding its power and its colour's temperature (Kelvin).

Go to the list **HERE**

2. I visualize the projector by clicking on «see the projector» in the list.

3. I choose my truss kit, grill kit or cerce kit.

4. I connect to the Technical Online Ordering to place my order:

**<https://exhibitors.maison-objet.com>**

**>> Technical Online Ordering**

WARNING :

**ELECTRICAL SWITCHBOX NOT INCLUDED FOR «STANDARD» PACKAGES AND «STAND PACKS»**

**>> TO ORDER ON OUR TECHNICAL ONLINE ORDERING**

**ELECTRICAL SWITCHBOX INCLUDED FOR «JUNIOR» PACKAGES**

# LIGHTING - LIGHTING TRUSSES

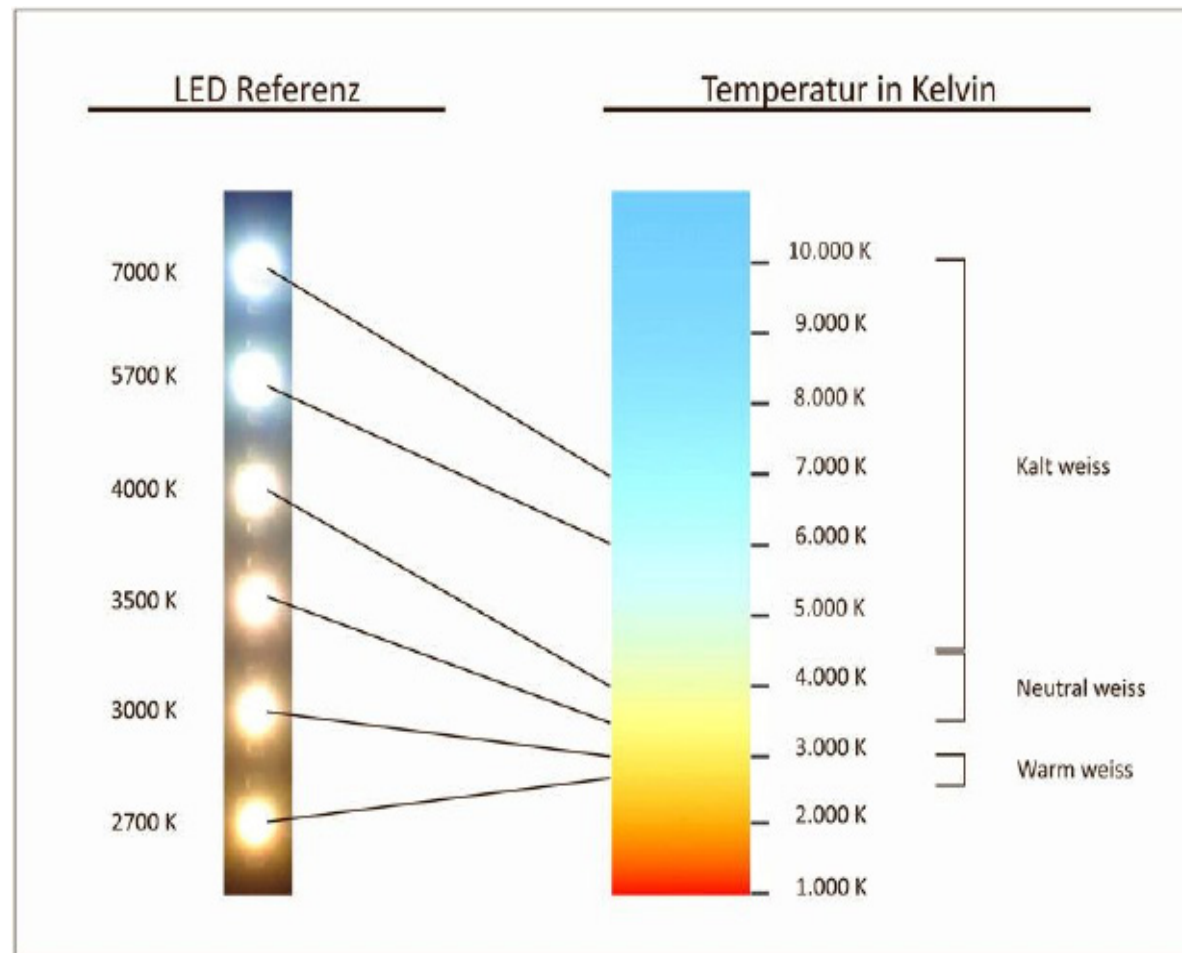

## Projectors technical characteristics

Reference	Kind of lamp	Projector's colour	Lens	Projector's weight	Power (W)	Real Consumption (W)	Kelvin*		Recommended height	Link

## TRUSS KITS

Hung metal structure above the stand fitted with «show» type projectors. Delivered connected to the electrical switchbox (switchbox not supplied) with suspension slings and electric wiring included. Metal structures are available in X30 (30 cm) in aluminium or black and in E20 (20 cm) in black.

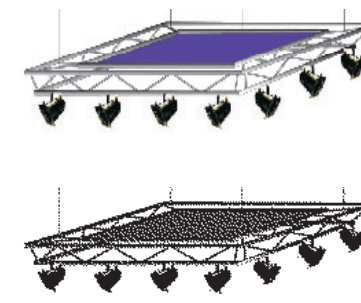

Reference	Description	Price (ex. VAT) Until 21/08/23	Price (ex. VAT) From 22/08/23
PONT1	3 lm of PROLYTE truss + 3 projectors	661.99 €	794.39 €
PONT2	6 lm of PROLYTE truss + 5 projectors	1 054.50 €	1 265.40 €
PONT3	9 lm of PROLYTE truss + 6 projectors	1 359.14 €	1 630.96 €
PONT4	12 lm of PROLYTE truss + 10 projectors	1 575.89 €	1 891.07 €

## GRILL KITS

Lighting truss (rectangular or square) fitted with a stretched velum in brushed white, black or navy blue cotton. Delivered connected to the electrical switchbox (switchbox not supplied) with suspension slings and electric wiring included. Metal structures are available in X30 (30 cm) in aluminium or black and in E20 (20 cm) in black.

Reference	Description	Price (ex. VAT) Until 21/08/23	Price (ex. VAT) From 22/08/23
GRILL1	16 lm of PROLYTE truss + 6 projectors	1681.34 € without velum 1980.12 € with velum	2017.60 € without velum 2376.14 € with velum
GRILL2	20 lm of PROLYTE truss + 6 projectors	1903.96 € without velum 2360.91 € with velum	2284.75 € without velum 2833.09 € with velum
GRILL3	24 lm of PROLYTE truss + 10 projectors	2401.92 € without velum 3022.90 € with velum	2882.31 € without velum 3627.48 € with velum

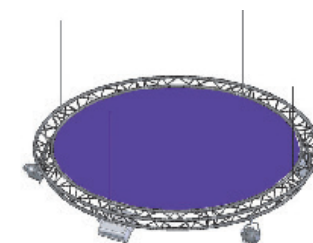

I order **HERE**

# LIGHTING - LIGHTING TRUSSES

## CERCE KITS

Circular lighting truss (CERCE) fitted without or with a stretched velum in white, black or navy blue brushed cotton. Delivered connected to the electrical switchbox (switchbox not supplied) with suspension slings and electric wiring included.

Reference	Description	Price (ex. VAT) Until 21/08/23	Price (ex. VAT) From 22/08/23
CERCE1	1 x 4 m diameter circle + 6 projectors	1476.30 € without velum 1745.79 € with velum	1771.56 € without velum 2094.94 € with velum
CERCE2	1 x 6 m diameter circle + 6 projectors	1903.96 € without velum 2360.91 € with velum	2284.75 € without velum 2833.09 € with velum
CERCE3	1 x 8 m diameter circle + 10 projectors	2401.91 € without velum 3022.90 € with velum	2882.29 € without velum 3627.48 € with velum

## PROJECTORS

Should you order a lighting truss, grill or cerce kit, the projectors are included. You can order additional projectors at the price indicated below.

Reference	Description	Price (ex. VAT) Until 21/08/23	Price (ex. VAT) From 22/08/23
Projsup	Additional projector	66.79 €	80.15 €

## services

Power is supplied by the Exhibition Centre in three-phase 50 Hertz current, medium voltage 400 volts between phases or 230 volts between phases and neutral.

The current is brought to each exhibitor's stand by a power cable ending in a secured box and a 30mA differential switch (for individual protection), which the Centre's sales agents may access at any moment. An electrical connection can only supply power to a single stand; the term "exhibition stand" is understood to signify areas of variable height in a single block, separated from one another by partition walls restricting free circulation between them, and occupied by corporate names or manufacturing brands which are legally distinct.

## connection of machines protected at 300 mA

It is possible, subject to permission from the Prefecture, to provide a specific box with calibrated 300 mA protection. The exhibitor thus undertakes to limit the use of this box to the connection of its machine only.

In this case, it is necessary to order 2 cabinets: a cabinet protected at 30 mA to ensure distribution of fluid on the stand and another cabinet protected at 300 mA to ensure exclusive connection of the machine.

Contact us for an estimate.

## there are two types of power supply:

- The **INTERMITTENT** power supply: supply of current in compliance with the exhibition's power-on times.
- The **PERMANENT** power supply: around-the-clock power supply for the whole period of the exhibition required for refrigeration or IT equipment.

## positioning of the box

The box is installed according to the layout plan attached to the order form.

If there is no layout plan sent by yourself, the box is placed on the corner closest to the service ducts or a trapdoor in the floor (halls 7 and 8). Any requests to move the box during assembly will be invoiced at the all-in cost.

Safety regulations applicable to trade exhibitions impose one single power supply for each stand.

## our advices

Calculate the electricity power required on your stand by taking into account general lighting, the motor power of machines, supply of small electrical devices. Use the service ducts to position your large electrical appliances and thus avoid the presence of cables on the floor. Consult us for the supply and installation of cable protections.

## ELECTRICAL SWITCHBOX

### power on-times – intermittent power supply

Tuesday 05 <sup>th</sup> september 2023	8.00 am - midnight
Wednesday 06 <sup>th</sup> september 2023	8.00 am - midnight
Thursday 07 <sup>th</sup> september 2023	8.00 am - 7.30 pm
Friday 08 <sup>th</sup> september 2023	8.00 am - 7.30 pm
Saturday 09 <sup>th</sup> september 2023	8.00 am - 7.30 pm
Sunday 10 <sup>th</sup> september 2023	8.00 am - 7.30 pm
Monday 11 <sup>th</sup> september 2023	8.30 am - 9.00 pm

### measurements of the 1 KW / 20 KW box + stand:

Height: 690 mm

Width: 300 mm

Depth: 360 mm

Connection on P17 socket only.

3 to 20 KW Facility boxes are fitted with:

- 3 single phase 230 V sockets each supplying 16 A i.e. 3 KW per socket

- 1 female three-phase 400 V - 32 A P17 socket

The chip inserted in the box transmits the informations of your order.

The connected box dialogues with you via its screen.

### measurments of the electrical cabinet from 20 KW

Height: 1160 mm

Width: 600 mm

Depth: 320 mm

400 V - 3x50 A

No integrated socket.
