A MILESTONE EDITION!

Energy, purpose and action – SCEWC25 was a massive gathering of bold ideas, creativity, and collaboration – pushing the boundaries of what’s possible for cities. This year, the transformative power of AI in urban innovation took center stage.

A Worldwide Representation – Representatives from almost **1,000 cities** and dozens of **government pavilions** gathered, reinforcing the event’s status as a key platform for city leaders and policy-makers.

World Smart City Awards – **462 top-level proposals** received from 65 countries. **Rome** was recognized with the **2025 City Award**. Other winners came from Saudi Arabia, India, Malaysia, Czech Republic, China, Singapore, Belgium, Brazil, South Korea and USA.
