- Calendar

Innovation Awards

What is it?

On the occasion of the new edition of Mondial du Bâtiment 2026, this competition is organized to showcase the very best innovation in the construction and building sector.

- A key moment for professionals and journalists
- A comprehensive communication and press relations program made available to participants
- A must-have opportunity to present your innovation to the market
- Juries made up of journalists, industry professionals, and sector experts, independent and impartial (around fifty jurors mobilized in 2024), specific to each category

What's new in 2026

- Opening of the platform in mid-January to give exhibitors a longer application period
- 3 new categories: electrical equipment / solar protection / decarbonization (broader scope)
- Training and Services solutions are now integrated across all categories

2 ways to take part

- Do you have an innovation? Apply for the **Innovation Awards**.
- Don't have an innovation? Present your new product/Services and gain visibility in the **New Products Guide**.

New products

No innovation yet? Showcase your latest product and get it noticed by the press through our New Products Booklet!

Is your product or service a new release?

Your product or service is considered new if it is derived from an existing product but has been updated or modified (new collection, enhanced features, improved technology...). Modifications can change its appearance, performance, or quality to boost sales and extend the product's lifecycle. The update must have been implemented after October 2024.

Increased visibility

Your product or service will be featured in the **New Products Booklet**, distributed to the press before the exhibition.

It will also gain visibility on the interactive kiosks available to visitors during the event.

Key information

To apply you can be:

EXHIBITOR

or

CO-EXHIBITOR

- **1 application included for everyone, in your registration package, for 1 product**
- **No limit on the number of applications (Cost for 1 additional application (or more): 1 475 € HT)**
- The participation process is fully digitalized. The application file must be completed 100% online before the deadline (May 15). Please note that any incomplete application or any application received after the deadline will not be considered. No deadline extensions will be granted.
- The product or service presented must have been launched on the market less than two years ago.
- The platform opening has been brought forward to mid-January to allow exhibitors a longer application period.

2024 REVIEW

- Edition 2024: 229 candidates (21% from International)
- 102 Nominees (products or services)
- More than 50 juries
- 38 Winners, including 4 Jury's favorites!

Communication disposal

BEFORE THE SHOW

- Highlight your product or service in the dedicated Press Kit for the Innovation Awards, distributed to industry journalists
- Receive a **special communication kit** for “Nominees” and “Winners”
- Gain **additional visibility** through press coverage ahead of the exhibition
- A **unique opportunity** for Award nominees to attend the “Press Dating” event, meeting journalists in an exclusive setting—an event widely covered by the media
- Featured in the **Innovation Awards Catalogue**
- Featured in the **New Products Booklet**

DURING THE SHOW

- Your products and solutions are showcased on interactive kiosks located in each pavilion
- Dedicated signage highlights Innovation Awards nominees and winners.

AFTER THE SHOW

- Benefit from extensive media coverage after the exhibition—in 2024, nearly 344 mentions across press, TV, and radio.
- Visibility and interviews shared on social media.

CATEGORIES

- Electrical equipment **NEW**
- Solar protection **NEW**
- Joinery & front
- Civil works, Structure & Enveloppe
- Construction Tech – Start-up, IT & New Technologies
- Worksite equipments & tools / Vehicles & Equipement
- Low Carbon
- HVAC Engineering
- Tertiary / HVAC
- Interior & Design
- Bathrooms

NEW Training and Services are now included in each category

Categories details 1/2

CIVIL WORKS, STRUCTURE &

ENVELOPPE: Wood in construction (Carpentry, Structure, Timber frame, Cladding, Flooring) / Roofing & Equipment / Facade / Cladding / **Integrated photovoltaic systems** / Structural materials (Cement, **Concrete**, Mortar, **Steel**, Aggregates...) / **Insulation** / Sealing (Air and Water tightness) / Water management, Sanitation & roads and utility services

WORKSITE EQUIPMENTS & TOOLS /

VEHICLES & EQUIPMENT: Scaffolding, formwork, shorings / earth moving and compacting (shovels, loaders, compactors, dumpers, instruments, etc) / lifting and handling (inspection platforms, elevators, cranes, forklift trucks, etc) / concrete equipment and demolition equipment / other site equipment (energy and air, signage, hp cleaners, portable and modular buildings, etc) / construction site safety / protective equipment / tools / measuring instruments / vehicle & equipment / utility vehicles / vehicle equipment / trailers.

SOLAR PROTECTION: Verandas /pergolas/ glass products / solar protection.

CONSTRUCTION TECH® - START-UP, IT & NEW

TECHNOLOGIES: Solutions and technologies for design, planning and project management (bim, 3d, erp, cad, ai, block-chain ...) / materials and technologies for worksites productivity (drones, exoskeletons, 3d printers, robots ...) / smart home solutions (home automation, security, lighting, artificial intelligence ...) / smart building & smart-city solutions / components and electrical accessories / start-up.

ELECTRICAL EQUIPMENT: Photovoltaic systems / Domestic and tertiary electrical panels / Terminal equipment: sockets, switches.../ Electrical cables and wires, tools for implementing cables and wires on construction sites / Safety lighting and control and inspection systems / Inverters / Electric vehicle charging stations / Electricity Storage.

JOINERY & FRONT: Shutter systems (garage doors, gates, fences, fire doors, pedestrian access, shutters, etc) / materials joinery / railing / control systems, motorisation/ home, automation, controls / fasteners for joinery, hardware, ironwork, joints, seals, sealants, adhesives, material treatments, etc. / ironwork (balconies, handrail, safety rails, railings, etc) / woodworking, cutting, extrusion machines / glass-making machines / machine tools and accessories.

Categories details 2/2

LOW CARBON: Low Carbon / Energy renovation / Energy services / Self-consumption & renewable energies / Biosourced, Urban biodiversity and Vegetation / Sustainable construction and circular economy / Off-site Manufacturer of modular systems / Supplier of solutions for modular system manufacturers.

BATHROOMS: Accessories / sanitaryware / shower / balneo / wellness / materials / furniture / fitting / plumbing technics / plumbing services.

INTERIOR & DESIGN : Floor and wall coverings, decorative elements / floors, ceilings / paint / architectural lighting / partitions, decorative panels, doors, cupboards, fixtures & fittings / urban design / stone & marble / paving, terraces, swimming pools / other equipment.

HVAC ENGINEERING: Renewable energies / indoor air quality / generators, hot and cold water production systems / thermal comfort, water distribution, regulation and control / energy suppliers, funding of works / tools and services.

TERTIARY / HVAC: Heat pumps, solar systems, biomass boilers, biofuel boilers, air handling units, equipment management, regulation systems, Technical building management (BMS), air diffusion, air purification, emitting ceilings-floors, terminals, ventilation boxes, hydraulic balancing, support, DRV, roof-top, chillers, fan coils, ductable, cassettes, heat exchangers, thermal modules, smoke evacuation ducts...

STEPS: TUTORIAL 1/2

1) I create my account

HOME WINNERS ▾ APPLYING ▾ THE JURY PRACTICAL INFORMATION ▾ LE MONDIAL DU BATIMENT ▾ YOUR ACCOUNT

Please login / Veuillez vous connecter

laurence@baobabglobal.com

Password

Vous n'avez pas de compte ? Cliquez ici

2) I select the category that best matches the innovation I wish to highlight via the **APPLYING** menu, then the **INNOVATION AWARDS** sub menu, and click on the **APPLY** button to access the application form:

HOME WINNERS ▾ APPLYING ▾ THE JURY PRACTICAL INFORMATION ▾ LE MONDIAL DU BATIMENT ▾ YOUR ACCOUNT

BATHROOMS

Accessories / sanitizers / shower / bathtubs / wellness / materials / furniture / tiling / plumbing techniques / plumbing services / professional services & training (Insurance/Broker, Organisations / Public Bodies and Institutions, Certifications, Environmental labels, Consulting and Engineering, Low Carbon, Training / Recruitment)

APPLY →

STEPS: TUTORIAL 2/2

3) I complete the form

You will be asked to provide: Administrative contact details of the person in charge of the application, name of the innovation, presentation text of the innovation, main target audience for the innovation (distributors, craftsmen, project owners, etc.), market launch date, technical questions such as dimensions, weight or other specifications, sales price if applicable...

In addition to the text, mandatory items will be required:

- HD logo of the applying company (logo used on interactive kiosks, in our various communications, Press dating, etc.)
- HD photo of the Innovation

Optional:

- One pitch video of up to 1 minute to present the innovation to the jury, which may also be used in our communications
- Any material that helps the jury better understand the innovations (technical datasheet, press kit, photos, diagrams, etc.)

4) I submit or save the form to come back to it later.

Do not miss any of the key steps

WELCOME TO MONDIAL DU BATIMENT 2026 INNOVATION AWARDS

Introducing new and innovative solutions

For construction professionals and journalists alike, the Innovation Awards serve as an excellent platform to launch market innovations.

The Innovation Awards enhance the visitor experience by ensuring that all innovation are showcased. By participating in the competition, you not only accelerate the publicity of your innovations but also secure optimal media coverage.
